# Model risk management for fair lending compliance

Make data-driven recommendations to ensure your clients can prevent and address bias risks with Stratyfy's **UnBias™**.

## Ensure Model Compliance

Uncover bias with robust, proactive testing and monitoring of high risk models and decisions.

## Breakdown Bias Risks

Understand key components driving bias to know if there is a justifiable business reason behind the bias risk.

## Improve Regulatory Stance

In the case of bias risks, easily conduct thorough searches for Less Discriminatory Alternatives (LDA).
